

Find Minden Man, 40, Drowned In Bat Lake

As we go to press we learn that Ross Ireland of Minden met death by drowning in Bat Lake last Wednesday afternoon.

Apparently Mr. Ireland was out on Bat Lake in an old boat which is believed to have sprung a leak and capsize and not being able to swim, Ireland lost his life.

When Ross did not return his family notified the provincial police who located the overturned boat and started dragging operations at 8.30 a.m. this morning. The body was located at 9.30 a.m. about 50 feet offshore.

Ireland was single and around 40 years of age.

WEDDING

Sargent - Johnston

The Haliburton United Church was beautifully decorated with autumn leaves, mums and candlebra for the wedding of Shirley Maureen, daughter of Mr. and Mrs. Bert Johnston to Robert James Sargent, son of Mr. and Mrs. James Sargent, Toronto. Rev. C. Manning officiated at the double ring ceremony and Arthur Hartley played the wedding music.

Given in marriage by her father, the bride chose a floor length gown of frilled nylon lace over taffeta with matching jacket. Her finger tip veil of tulle illusion was held by a tiara of seed pearls and sequins, and she carried a cascade of red roses and stephanotes.

She was attended by Mrs. Muriel Peters, matron of honor and bridesmaids, Miss Janice Johnston, Miss Kathleen Sargent, wearing ballerina length gowns of pink, orchid and blue net over taffeta. They wore matching hats and shoes and carried nosegays of blending shades of mums. Cynthia Reynolds was flower girl dressed in yellow nylon and matching hat and carried a miniature nosegay of mums. Michael Stinson, cousin of the bride was ring bearer.

A friend of the groom, Jerry Owen, was best man and ushers were David Currie and Robert Austin.

A reception was held at Birch Point Lodge where the bride's mother received, wearing a navy sheer crepe dress with pink accessories and corsage. The groom's mother chose a beige wool with copper tone accessories and yellow corsage.

Several telegrams of good wishes from England and Toronto were read by the best man.

Following the reception the happy couple left on their honeymoon to the U.S., the bride wearing a charcoal wool suit with pink accessories and rose bud corsage. On their return they will reside in Toronto.

RUSSIANS VISIT HOSPITALS

We have been informed that a group of Russian medical men were visitors at the Minden and Wilberforce outposts hospitals this week and were greatly impressed with the facilities and the work being done by these institutions.

Strange Game In Lindsay District

During the evening of August 23 a peacock was hit and killed by a car in Mari-posa Township. As it was quite thin we assume that it was running wild and may have strayed from a local domestic environment.

We would be interested in hearing from anyone in the district who might have information regarding the original ownership of this bird.

Combination Deer Or Moose License

A special \$26 license will go on sale in the Lindsay district next week and will be authority to shoot one deer, one elk, or one moose. These licenses will be available to residents of Ontario only and will be sold at the district office, Lindsay, and at our headquarters at Ap-sley, Gooderham and Minden. They will also be available at the headquarters in Haliburton on the afternoons of Saturday, November 3 and Saturday, November 10.

Each person who obtains one of these licenses is required to submit a report on the results of his hunt on a portion of the license for that purpose.

Haliburton

Miss Carol Roberts spent the week end at her home here. Carol is attending Shaw's business school in Toronto.

Mr. Albert Day had as a visitor last week a sister whom he had not seen for 46 years, in the person of Mrs. Graham of Owl River, B.C.

Despite the fact that Mrs. Graham is well on in her 80's, she enjoys excellent health and boarded a plane in Vancouver, traveled to

COLORAMA WEEK END

Provided there is fine weather this week end, there should be literally thousands of visitors in the Highlands of Haliburton. As we write we can look out and see the beauty-clad hills and we doubt if on any previous occasion they have ever been more colorful.

Advertisements appeared

in the issues of Wednesday's two Toronto daily newspapers telling the public far and large that the Haliburton Highlands were now a riot of color and also stating that week end accomodation could be obtained at tourist and motel locations in different sections of the county.

These advertisements, by

the way, have been inserted and paid for by the Haliburton Highlands Chamber of Commerce.

A considerable number of chartered busses will carry sight-seers on colorama tours on Sunday and Monday, so all in all, given any kind of weather, it looks like a big colorful week end.

LOL To Improve Orange Hall

We are informed that the Orangemen of Haliburton intend to build an addition to the basement of the Orange hall which will provide for an outside entrance and new washrooms.

Haliburton L.O.L. 975 have one of the finest halls in the province but they are not content to rest and can be counted upon to improve their fine hall whenever the necessary funds are available.

Big Party Marks Golden Anniversary

Marking the golden anniversary of their wedding, Mr. and Mrs. Gordon H. Watson, 1260 East Sixty-fourth, Vancouver, will welcome approximately 200 relatives and friends at a party Wednesday at 7 p.m.

The celebration has been planned by the Watsons' children and will also be attended by their 33 grandchildren and their three great grandchildren.

Mr. Watson was born in Edinburgh, Scotland, and Mrs. Watson in Sheffield, England. They were married in Lloydminster, Sask., in 1906, on the day Mrs. Watson arrived in Canada. A pioneer with the Barr Colonists, Mr. Watson had arrived three years earlier.

The couple lived in Lashburn and the Big Gully in Saskatchewan until 1940, when they moved to Vancouver.

They have three sons and six daughters, all in B. C. They are Hubert and Gordon, Vancouver; Malcolm, Harrison Lake; Mrs. H. Burke (Edna), Creston; Mrs. Jas. Mathews (Sheilagh); Mrs. Jack Glazebrook (Unice) and Mrs. William Young (Iris), all of Vancouver; Mrs. M. Michael (Barbara), Victoria and Mrs. Jack Clayton (Claudia), Port Alberni.

Malton airport, Toronto and thence by motor to Haliburton none the worse for the long journey.

A niece, Mrs. J. Graham of Owl River and another sister, Mrs. C. Stephens of Edmonton also were visitors of Mr. Day.

Attention Citizens of Haliburton County

It is estimated that during next year one out of every eight persons living in Canada will require hospital treatment and with our ever growing population this means an ever growing strain on our hospitals.

The Echo at this time wishes to bring to your attention the great crusade which is now under way to raise the sum of \$185,000 for the expansion of the Ross Memorial Hospital, Lindsay.

Now you may ask the question: "Why should citizens of Haliburton County be interested in an addition to the Ross Memorial Hospital, especially when we have three outposts hospitals in this area?"

Our local outposts are doing a wonderful job but they have their limitations and the result is that there are many cases that require a larger hospital and as the Ross Memorial Hospital is the closest

one to this area, many patients are sent there for surgery and treatment.

It has been common knowledge for some time now that this hospital has been at times greatly overcrowded hence the campaign for funds to provide more rooms, beds and greater facilities for physicians and surgeons.

Time and again emergency cases from this area have been rushed to the Ross Memorial Hospital and no one, to our knowledge, whether rich or poor, has ever been denied admittance.

Surely the appeal of those seeking funds for a cause that will relieve suffering, restore health and save lives in this area will not fall on deaf ears and the citizens of Haliburton County will rally to the aid of Victoria County in its endeavor to provide greater and better facilities at the Ross Memorial Hospital, Lindsay.

Lindsay Ex. Praise Local Band

The following letter was received by Mr. Chas. Brandon, leader of the Haliburton County Brass Band, from Mr. Lloyd McMullen of the Lindsay Central Exhibition:

56 Regent St.,
Lindsay, Ont.
Sept. 25, 1956.

Mr. Brandon,
Haliburton County Brass
Band,
Haliburton, Ont.

Dear Sir:
Please find enclosed a cheque for \$20 which we hope will be of financial assistance to you in the problem of transportation to the band tatoo in Lindsay on Wednesday evening last.

You and your fine musicians certainly deserve a great deal of credit in organizing this band in your community. The writer is certainly aware of many of the problems with which you are and have been confronted in gathering this band together. However, this work of spreading the art of music through bands, through a community cannot help to strengthen the morals of lives, and especially so when we include our young people.

It's Turkey Dinner Time

Two turkey dinners are coming up this Saturday and if you happen to be in Ingoldsby or vicinity that evening you would do well to drop into the Ingoldsby United Church where you will be assured of a real helping of turkey and all the trimmings.

To those who are fortunate enough to be in the Maple Lake area, don't pass up the Thanksgiving turkey dinner which is an annual event at St. Peter's Anglican Church and in talking to those who attended last year's dinner we have no hesitation in recommending the basement of St. Peter's church as an ideal place to enjoy a real Thanksgiving dinner.

Suppers in both cases begin at 5.30 p.m.

Hope you will continue your wonderful work in band, and that we shall see you again at the tatoo next year in Lindsay. Again our best wishes to your musicians, and our thanks to you for your splendid co-operation, I remain,

Sincerely yours,

Lloyd McMullen,
chairman, band tatoo
Lindsay Central Exhibition.

Another Patching Job

At a meeting of the community hall board on Wednesday evening last it was decided to do a resurfacing job on the roof of the community arena. It is estimated that this job will cost in the neighborhood of \$1,500.

The members of the board were not all in agreement with the idea but if winter activities are to be carried on there something had to be done, so the roof is to be repaired.

Most of the members who service on the community

hall board are discouraged as nearly every one of them realize that if we are ever to resume our place in the sun as a sports' centre, we must have a new arena.

We in Haliburton once viewed our arena with quite an amount of pride but times have changed and new arenas with large ice surfaces so necessary to present day hockey have been built nearly everywhere, until we have just about the most dilapidated, run down and out of

date arena in the province of Ontario.

We note that some Russians have been visiting the outpost hospitals in Wilberforce and Minden and we hope that if they should visit the local outpost they are not shown our local area as they probably might take pictures and be able to depict the conditions that the poor people of Canada have to put up with in trying to develop young hockey players and ice skaters.

Fire Prevention Week

This is fire prevention week and after the tragic and disastrous fire which occurred here last March, we in Haliburton have become fire conscious and a good many hundreds of dollars have been spent on our local fire brigade.

On Wednesday evening next there will be a demonstration of fire extinguishing in the Haliburton community park at 6.30 p.m., when we will be able to see our fire fighters in action. Following this demonstration there will be a two hour picture in the Canadian Legion hall.

REASONABLE FUR REPAIRS AND REMODELLING

Man "Old after 40"

NOW FEELS YEARS YOUNGER

"I'm 74. Had no pep. But Ostrex made me feel 20 years younger than I did. I have plenty of pep now." — R. H. Brantley, Oklahoma City. Ostrex Tonic Tablets contain tonic, hemic stimulant approved by leading doctors. Put vigor, vitality in body, old because lacking iron; make you feel years younger. For men, women. Start new pep AT ONCE. Try Ostrex to get new pep, vigor and feel years younger this very day. Introductory or "get-acquainted" size only 80¢. At all druggists.

Cubs Hollow

The opening procedures were handled by Peter Curry of Red Fang Six. The inspection was handled by Bill Hanthorne and the C.M.

In star work Black Plume won 40 points for tying the bowline. Each six won 10 points in the question of the week.

The feature game of the evening was "Tooth Brush and Germ." The next game was "Do As I Do" and the last game of the evening was "Shipwrecked" won by Black Plume.

After the mouse howl and Lord's prayer, special instruction was given to the new chums of the pack.

Peter Curry, sixer of Red Fang, completed his second star work. Peter is the first cub in the First Haliburton Pack to receive his second star. He also has one proficiency badge.

After the points were added by Jim Scheffee and Brian Dean, the following is the way they stand.

Black Plume	223
Brown Tip	199
Grey Owl	185
Red Fang	165
"Akela."

The Greatest Good For The Greatest Number of People

"Many times I have appealed to the good people of Victoria and Haliburton and they have never turned me down. Today I wish to make a special appeal and that is that everyone support the campaign to raise funds for the very necessary expansion program at the Ross Memorial Hospital," said C. W. Hodgson, M.P., the other day.

"In my capacity as member for the riding I have come to realize what the hos-

pital means to the people. Many of my friends have been patients in the hospital at Lindsay and I have yet to meet one single person complaining. It has just been the opposite and people using the hospital report that they could not have been treated any better, any time, any where. The staff has always been courteous and efficient, the meals good and the accommodation as good as could be expected under crowded conditions. Rates at the Lindsay hospital are reasonable and the staff of doctors among the best to be found at any hospital. Believe me,

I know.

"We have a Red Cross out-post hospital at Haliburton doing good work but the hospital in Lindsay in no way interferes. We need both. There are many cases in Haliburton county which cannot be handled in the Lindsay institution.

"This new addition will be worthy of the two counties and there is no doubting the fact that the need is great.

"I appeal strongly to my many friends to support the expansion fund. Let us establish a hospital which will be worthy of the good people and the good name of Victoria and Haliburton.

IT'S HERE... A NEW KIND OF CAR!

Fairlane 500 Town Victoria

NEW '57 FORD

a whole era ahead of the field!

Look at all that's new in the '57 Ford!

- ▶ 2 new super-sizes—Fairlane and Fairlane 500 models now over 17 1/4 feet long... Custom and Custom 300 models now over 16 3/4 feet long
- ▶ 18 breath-taking models... including 5 brand-new station wagons
- ▶ Two longer wheelbases... far greater length, lowness and roominess
- ▶ Entirely new styling throughout... new sculptured body mouldings
- ▶ New front-hinging hood for greater safety, easier servicing
- ▶ New thinner rooflines, swept-back windshields
- ▶ New, super-thin centre posts on sedans for a true "hardtop" look
- ▶ New Safety-Curved instrument panel with recessed controls
- ▶ Dramatic new canted tail fins
- ▶ New Lifeguard safety features
- ▶ New "Automatic Doorman"... a helping hand in opening and closing rear doors
- ▶ New cowl ventilation for fresher, cleaner air
- ▶ 3 new Silver Anniversary V-8 engines
- ▶ New, more powerful Mileage Maker Six
- ▶ New Super-Filter air cleaner, disposable oil filter
- ▶ Revolutionary new frame, over a foot wider
- ▶ New "Even-Keel" rear suspension and 4-way Angle-Poised front suspension for a softer, safer ride
- ▶ Plus many other new fine-car features!

Two new super sizes... far longer, lower than ever before, with all Ford's famous headroom retained!

It's here now—in your Ford-Monarch Dealer's showroom... the finest Ford of all time, with the most sweeping changes in all Ford history!

It took a revolution in design to make possible Ford's new low-to-the-ground styling for '57. These lithe and lovely '57 Fords are actually up to 9 inches longer than in '56... the biggest cars in their field, longer than many medium-priced models! They're up to 4 inches lower, too—yet there's just as much headroom and legroom as ever!

The new kind of "magic" you'll discover when you drive the new kind of Ford for '57 starts with the new "Inner Ford"—proved in action! At its very foundation is a new and revolutionary kind of chassis... a new contoured frame that's built a full foot wider midway!

'57 Ford... first in the field to offer 2 big-car wheelbases!

118" ON FAIRLANE & FAIRLANE 500

116" ON CUSTOM & CUSTOM 300

This is the 25th anniversary of Ford's V-8 leadership... and the new kind of Ford for '57 brings you even more of the kind of performance that made Ford the leader! Now Ford offers three brand-new V-8's—the 190-Hp. Ford V-8, the 212-Hp. Thunderbird V-8 and the mighty new 245-Hp. Thunderbird Special V-8! And Canada's newest SIX—the '57 Mileage Maker—is available in all Custom and Custom 300 models and in three popular station wagons!

Thanksgiving

THIS WEEK END we will be observing Thanksgiving and as Canadians how much we have to be thankful for, in fact a good many of us are so busy enjoying the manifold blessings bestowed on us that we have little time to pause to express our thanks to a kind Providence through whose mercy we are permitted to live in a land where there is more and to spare.

When one considers that the great majority of humans who inhabit this old globe never get sufficient to eat and that every year countless souls die of malnutrition, we should begin to realize how much we have to be thankful for. Our chief worry in this country is to keep from eating too much

and scales are now standard equipment in nearly every bathroom enabling us to keep a close check on our weight and cut down our eating habits accordingly.

To say that the average Canadian does not have things a little rough at times would be stretching it a bit but when one talks to those who have lived and traveled in these other lands and learns of the conditions under which their people live as compared to those of us who reside in this beautiful and spacious land we are forced to the conclusion that we are an extremely privileged and prosperous race of people who should be more than thankful to Him who has made all these things possible for us. •

Country Doctor

MANY OF YOU have heard this story before, but it bears repeating. It starts with a little boy, born in a small community in the Blue Ridge mountains of North Carolina.

Like many of the mountain boys, he had a consuming passion to "go to town" to see what a big city looked like, and one day his father took him to Ashville. Here he saw his first train, his first electric lights, his first telephone. And here was awakened his desire to "be somebody." The father, too, had once felt that urge. Unable to gratify it, he determined that this son should have the opportunity that he denied him. He arranged for the lad to stay with a friend in Ashville and go to school.

The friend became a foster parent to the child, and very much attached to him. When the boy had finished school the man said to him, "Son, go out and look at the signboards of life, and when you have decided the way you want to go, I'll help you get there."

"I don't have to look," the lad replied. "I know now, I want to be a doctor."

He was enrolled at Johns Hopkins and was graduated with honors. His special skills caused big city clinics to make him attractive offers, well above that of most of his classmates. He thanked them all, but turned all down. "I am going back to my mountain people," he said. "I do not know much yet, but even what little I know is better than anything they have, for they have no one at all." And back to them he went.

He "hung out his shingle" in the tiny

community where he was born, taking two rooms for office and living quarters over the village store. At the foot of the stairs he tacked a sign reading: Dr. Carpenter is Upstairs.

The years flitted by. We pass over their joys and their sorrows, their isolation, their hardships. We come to a time when we find him old, broken in health, and poor in pocket for many of his classmates were taking in more for a single operation than he totaled in an entire year.

One morning he was called out on a case that taxed his strength to the utmost. It was his last errand of mercy. His tired old heart gave out. The isolated little mountain community was again without a doctor.

His friends made a simple pine box, as they do in that country, and laid the worn body to rest.

"Seems like..." Someone said... "anybody who has done as much for us as Ol' Doc ought to have a tombstone, so folks'll know where he is."

"Got me an idea," said another. "Hold on a minute."

Back he went to the foot of the stairs that had so long known the tread of the doctor and his patients. A few sharp wrenches and off came the faded sign. A hammer and nails quickly fastened the board on a narrow picket pried from an old fence, to whose point the soft earth of the new grave readily yielded. Of course the natives knew it already, but now it was for the stranger to know, too: Dr. Carpenter is Upstairs. •

B of M REPORT

Montreal, Oct. 1—First place in Canadian bank advertising has again been won by the Bank of Montreal in the "Bank Ad-views" continuing study of financial advertising in North America during the past 12 months.

The B of M has won top rating for Canada in all but one of the last 11 years, and in two years—1946 and 1954—it ranked first for the continent, receiving the Socrates High Award for North America.

The "Bank Ad-views" award to the B of M for 1956 is in line with a recent survey of Canadian transportation advertising covering a wide variety of national advertisers in which the B of M's message led all other advertisements with a public readership of 62%.

High Readership Consistent

This survey was the fifth in a series of studies undertaken by the Canadian Advertising Research Foundation over the past eight years, with the B of M previously rated third, fourth, second and first respectively.

Another award from the U.S. for the B of M is the "merit award" from the Financial World, of New York, "for distinguished achievement in annual reporting for six consecutive years and in recognition of the excellence of its 1955 annual report to shareholders."

This citation states that the B of M's financial statement was judged as among the most modern from the standpoint of content, typography and format of the 5,000 annual reports examined during 1956.

Notice

The Corporation of the Township of Stanhope

TAKE NOTICE that the the Township of Stanhope proposes to enact a by-law to stop up, close and sell that portion of the original allowance for road lying between Lot 3 in concession 9 of the said Township and Lot 3 in concession 8 of the said Township, more particularly described as follows:

COMMENCING at a point in the northerly limit of said lot 3 in concession 8 distant council of the Corporation of south 69 degrees and 00 minutes west along said limit 327.3 feet from the north-east angle of said lot,

THENCE north 21 degrees and 00 minutes west 66 feet to the intersection with the northerly limit of said allowance for road,

THENCE south 69 degrees and 00 minutes west along said northerly limit 660 feet more or less to the intersection with the easterly limit of allowance for the road around Kushog Lake,

THENCE southerly and southeasterly along said limit to the intersection with the said northerly limit of said lot 3,

THENCE north 69 degrees 00 minutes east along said northerly limit of said lot 600.4 feet more or less to the place of beginning.

The proposed by-law will come before said council for consideration at its regular meeting to be held in the council chamber, at Beech Lake, Ontario, at the hour of 2 o'clock in the afternoon on the 27th day of October, next, 1956, and at that time the council will hear in person, or by his counsel, solicitor or agent, any person who claims that his land will be prejudicially effected and who applies to be heard.

DATED this 12th day of September, 1956.

Thos. A. Welch,
Clerk.

Clayton P. Rogers,
Reeve.

Lands Division

Sale of Crown lands for summer resort purposes continues in large volume. During the past week a total of 38 new applications were accepted at this office, and forwarded to Toronto for final approval. It is apparent that all previous sales records will be broken during the fiscal year 1956-57, as we have already accepted 236 applications, and have an additional 80 in the pending stage.

It is estimated that the final figure will exceed the 300 mark.

Band Tatoo Turned Out To Be Big Feature of Fair—

Orillia Band Win First Place

A distinct feature at the Lindsay fair was the band tatoo, although the event proved to be a big surprise to many people. The idea was so successful that directors of the fair would be well advised next year to place more importance on the tatoo and possibly arrange for the show during the main days of the fair, when more people could be entertained.

Lloyd McMullen, a director of the fair is deserving of special credit for his work in connection with the event and the manner in which it was handled.

The weather was bad, yet some 15 bands turned up—and they were good bands. The competition was keen as the bands strived for one of the four prizes offered by the exhibition.

Bands were judged on parade on Kent St. as well as at the grounds, with four judges turning in their scores. Forty points were allowed for the best band on parade and the other 60 points allowed for uniforms, general appearance and marching and playing performance.

Two bands competed from Orillia and the fine silver band from the Simcoe town carried off first place honors. Little Britain band was close to the top and carried off the prize for the best village band. Omeme band, in shirt sleeves with majorettes at the head won third place for band without a recognized uniform.

Other bands from as far away as Midland, from Haliburton, Orono and other centres turned in fine performances.

The Haliburton County Brass Band were also on hand at this band tatoo and made a very creditable showing, having only been organized a little under a year.

The announcer at the P.A. system gave the county band a good build-up and told the grandstand patrons of the Lindsay fair that our band deserves a lot of credit and wait until next year and see them.

HALIBURTON

Mr. Cliff Inglis, who is employed with the Department of Highways near Huntsville, spent the week end at his home here.

Mr. and Mrs. Bob Bishop of Toronto spent the week end with relatives in the village.

WILBERFORCE

Congratulations to Mr. and Mrs. George Farr on the arrival of a baby girl at the Haliburton Red Cross outpost on Saturday, September 22.

Mr. Harold Anderson, Mr. and Mrs. Ernie Anderson and Jim Anderson of Woodbridge spent the week end at their cottage on Clement Lake.

Mrs. Ed. Tallman is visiting Mr. and Mrs. Wood and family at Richmond Hill.

Spending last week end at their cottages on Grace River were: Mr. and Mrs. Davidson of Preston, Mr. and Mrs. Willcox of Toronto, and Mr. and Mrs. C. Watson and family of Toronto.

Mr. and Mrs. Murray Agnew and Mary spent a week's vacation visiting points in eastern Ontario.

Mr. and Mrs. C. Coumbs, Doreen and Lyle spent the week end with relatives in Bobeaygeon.

Mr. and Mrs. Jack Herbert of Thorold spent the week end at their cottage on Grace Lake.

Mr. Harold Bowen, Hayden and Rodney spent last week end with Mr. Bowen's cousin, Mr. Harold Roberts of Tilden Lake, near North Bay.

St. Margaret's Women's Auxiliary met at the home of Mrs. G. Schell on Wednesday evening. The meeting opened with Bible reading and prayer. The secretary's report was read and adopted.

A motion was passed that each member would take \$1.50 from the W.A. fund with which she would buy material to make articles for the Christmas sale. These articles should sell for approximately \$3. Embroidery work was given out to the members.

The meeting closed with prayer and refreshments were served. The next meeting will be on October 10.

The Wilberforce Red Cross Guild met at the health centre on Friday evening. Due to the illness of the president, the meeting was conducted by Mrs. Deterling who opened it with prayer.

Reports were read by the secretary and treasurer and also a report on the penny sale.

Discussion took place regarding the cod liver oil capsules for the schools but the decision is to be made at a later date.

Refreshments were served. The next meeting will be on Friday, October 26.

Harvest Thanksgiving service was held at St. Margaret's Anglican Church on Sunday. There was a good attendance in spite of the inclement weather.

The church was beautifully decorated for the occasion with colored leaves and berries, flowers, fruit and vegetables. A special attraction was small sheaves of grain tied with bright red ribbon. During the offertory the choir sang "Bringing in the Sheaves."

The service on Sunday, October 14 will be taken by Rev. Gault of Fenelon Falls.

An evangelistic mission will be held in the deanery of Victoria and Haliburton

HODGSON WANTS VICTORIA COUNTY NATIONAL PARK

For several months past there have been reports in various circles of government, as well as in many places where executive people ga-

—Portrait, Bright's Studio, Lindsay.

ther regarding the idea of establishing a national park in the Province of Ontario. Important bodies in other provinces are also angling indirectly for the honor of having the park.

It was learned the other day that Mr. C. W. Hodgson, member for Victoria and Haliburton has been pressing the claim of Victoria County.

When at the Lindsay fair last week the Warder contacted Mr. Hodgson and learned that he has already suggested to the county council and to the Lindsay town council that there is good reason to believe that the claim of this county would receive favorable consideration. Mr. Hodgson has suggested that both bodies organize delegations to stress the importance of such a park being established locally.

It has been suggested that a natural site would be the old Langton farm near Sturgeon Point. This farm has historical background as it was on the old Champlain trail when Champlain voyaged the waters from the St. Lawrence to Lake Ontario and through the now Trent Valley canal to Sturgeon Lake.

William Langton was one of the pioneer settlers in these parts and wrote a book of fine historical data, which is to be found in the Lindsay public library. It is a book that Premier Frost very often refers to.—Lindsay Watchman-Warder.

CASH CROPPING ON CLAY SOIL

Growing cash crops such as corn, soybeans and winter wheat on heavy clay soil presents special problems not encountered by the farmer with livestock. Besides the special demand on soil fertility by cash crops, there is the problem of maintaining a satisfactory level of soil physical condition or tilth.

A crop such as corn uses considerable quantities of plant nutrients from the soil. Tests at Woodslee Experimental Substation, Canada Department of Agriculture, show that the supply of nitrogen is one of the most serious limiting factors in the production of corn on the clay soil of this area. Other crops such as oats and winter wheat have also shown remarkable increase in yield due to the application of nitrogenous fertilizers. It is possible for the livestock farmer to replace some of the nitrogen taken from the soil by growing legumes for hay and returning manure to the soil. The cash crop farmer, on the other hand, must depend almost entirely on commercial sources for his supply of nitrogen. Ammonium nitrate, anhydrous ammonia and aqueous ammonia are some of the more economical sources of nitrogenous fertilizer in use on clay soils at the present time.

By supplying adequate amounts of nitrogen, corn can be grown successfully for several years on the same soil although the yields tend

ATTENTION HUNTERS

On August 10, 1956 the northern boundaries of the Peterboro Crown Game Preserve were modified by regulations made under the Game & Fisheries Act.

The new boundaries now follow the Jack's Lake road to Brooks Bay of Jack's Lake excluding the properties of Mary and John Dystrak, then easterly along the northern shore of Jack's Lake to Redmonds Bay of Jack's Lake, then north easterly along the shore of Redmonds Creek to the southern boundaries of Lot 31, Con. VIII to the original eastern boundary.

The new boundaries have been re-posted with Crown Game Preserve signs for the benefit of the general public.

to decrease. J. W. Aylesworth, officer-in-charge at Woodslee, says this decrease in yield is due to the poor physical condition of the soil rather than a lack of nutrients. Poor physical condition results in inadequate root development. Without a good root system corn is more susceptible to damage by adverse weather conditions than is a healthy, vigorous crop.

It would seem advisable, therefore, to grow a deep rooted legume periodically in the cropping system in order to overcome the poor physical condition created by continuous row cropping. The legumes return fibre to the soil making it more friable and easier to manage.

Lochlin

Friends of Doris Robertson gathered at the home of Mrs. Orville Hicks on Saturday afternoon for a surprise shower for Doris. The bride-to-be received many lovely and useful gifts.

Mr. and Mrs. Stuart Miller of Whitby and Messrs. Jim and Hazea Blair of Reabro called on relatives here on Thursday.

THE HALIBURTON COUNTY ECHO

MOSTLY WAGES

STEEL PRICES are not simply the aggregate of costs in a steel mill. Others also get paid, including those who work in iron mines, coal mines, limestone quarries, on railways, steamships, motor trucks, in sales offices, and elsewhere. In fact, all prices are mostly wages and salaries.

So there is an upward pressure on prices with every increase in wages, though investment in better equipment does help to absorb such wage increases.

No one can afford to be indifferent to rising industrial wage costs, for these tend to lead to higher prices. As users of steel in many forms, all farmers in particular are adversely affected when higher city wages raise production costs and selling prices.

the infection may cause un-
dulant fever in humans.

Mr. Goodfellow said today
that the Brucellosis Act,
passed at the last session of
the legislature, would come
into effect on October 1. Un-
der its provisions the 245
townships in which by-laws
were passed under the Bru-
cellosis Control Act, 1953 will
be designated supervised
areas. Included in this num-
ber are all townships in the
counties of Brant, Bruce,
Dundas, Durham, Grey, Hal-
dmand, Halton, Oxford, Peel,
Prince Edward and York.

Other townships may be
added from time to time, but
before any township can be-
come a supervised area at
least two-thirds of the cattle
owners must sign petitions
favoring the adoption of a
compulsory calfhood vaccina-
tion program, an action
which has been taken by the
cattle owners in the town-
ships that have been desig-
nated supervised areas.

Under the plan the cost
of vaccination in supervised
areas will be borne by the
Province of Ontario. As in
the past the vaccine will be
supplied by the Canada De-
partment of Agriculture. In
order to facilitate operations
every practicing veterinarian
will be given an opportunity
of entering into an agree-
ment with the minister. If
all practitioners take advan-
tage of this offer as expected,

each cattle owner in a super-
vised area will be able to get
his female calves vaccinated
at no direct cost to himself
by the veterinarian of his
own choosing.

The plan will be adminis-
tered by the live stock com-
missioner, W. P. Watson and
his assistant Dr. Harold
Worton, the provincial veter-
inarian.

"During recent years On-
tario has made significant
progress in reducing the in-
cidence of brucellosis as evi-
denced by the fact that 244-
924 calves were vaccinated
in 1955," said Mr. Goodfel-
low. "However the fight must
go on at an increased rate,
not only because of the eco-
nomic loss which the disease
is causing at home, but to
preserve our export markets
as well. Last year Canada
exported 41,691 head of pure
bred and grade cattle for
breeding purposes, almost
85% of which originated in
Ontario. The majority went
to the U.S., a market which
can only be retained if we
have animals that are free
from disease, and particu-
larly brucellosis."

Husbands! Wives! Want new Pep and Vim?

Thousands of couples are weak, worn-out, ex-
hausted solely because body lacks iron. For new
vim, vitality, try Ostrex Tonic Tablets. Supplies
from you, too, may need for pep; supplement-
